

# Chalk Talk

Presented By Elva Hurst

Elva Hurst is a professional artist from Lancaster County, Pennsylvania who is reviving the old art of chalk talk. Her live sketches are an experience you will never forget!

Elva's chalk talks are fun, motivational and inspiring. She offers programs for all ages and events, sharing stories through florescent chalk, music and sound effects.

Her chalk talks are completed with a colored light and ultra violet black light show which creates beautiful effects on her artwork. You have to see it to believe it! For more information about Elva and her work, visit [www.elvaschalkart.com](http://www.elvaschalkart.com).
